"From his tireless work in the Pentagon to the emergence of Dixon Center, Col. David Sutherland inspires and encourages all of us to break down the silos and never forget to put the Veteran first." -- Admiral Michael Mullen, U.S. Navy (Retired)

- Military/Veteran Caregiver Training & Support
There are over 23 million Veterans in the U.S.

Purpose of the Study: To assess the experiences and challenges of family caregivers of veterans as well as the impact of caregiving on the their lives and what programs and services would support and assist them.

Methodology:

- Six focus groups in Bethesda, MD, San Antonio, TX, and San Diego, CA
- In-depth interviews with 42 caregivers of veterans
- On-line and paper survey of 462 caregivers of veterans
Top reasons stated by caregivers of veterans for recipients need care:

- 80% report comorbidity
- 70% Mental Illness (depression, anxiety)
- 60% PTSD
- 29% Traumatic Brain Injury
- 28% Diabetes
- 20% Paralysis or Spinal Cord Injury
Burden and Caregiving Activities

- 65% are in a high burden of caregiving situation versus 31% nationally due to assistance with all Activities of Daily Living (dressing, bathing, feeding, toileting)
- Most caregivers of Veterans report spending at least 21 hours per week helping the veteran.
Challenges of Caregiving

• Not knowing what to expect medically with the Veteran’s condition
• Not being aware of VA services that could help
• Not knowing how to address PTSD or mental illness
• Difficulties getting through the bureaucracies in order to obtain services
• Not knowing where to obtain financial assistance
• Not knowing where to turn to arrange a break from caregiving
• Not knowing where to obtain specialized care
Information Sources

Word of mouth is source of information caregivers most commonly turn to when they look for caregiver resources
• 63% report that word of mouth is very or somewhat helpful

Other sources:
• VA Health Administration (43% found helpful)
• VA Benefits Administration (41% found helpful)
• Non-VA health providers (73% found helpful)
National Veteran Caregiver Training Program:
- Initiating 3rd year of multi-modal training for Caregivers of Veterans with disabilities (English/Spanish) thru contract with VA
- Supported over 15,000 Caregivers to date
- National Partners (Atlas Research, National Alliance for Caregiving, Family Caregiver Alliance, Axiom Resource Management, and National Alliance for Hispanic Health)

USO Caregiver Training:
- Developed and providing 4 training modules for active military Caregivers (English/Spanish)

Corporation for National & Community Service:
- Partnership with University of Maryland
- 7 module training for over 500 AmeriCorps volunteers across the US providing respite care for service members/veterans & their families.
As of Sept. 19th

- Over 15,000 total referrals received from VA Caregiver Support Coordinators
- 14,324 Caregivers submitted completed final self-assessments
  - Workbook = 5,330
  - Online = 8,834
- 61 (two day) classroom sessions held
  - 517 Caregivers attended
  - 8 classes in Spanish with 112 Caregivers in attendance
Easter Seals (under contract with the University of Maryland) developed training resources for their Legacy Corps initiative – funded through the Corporation for National and Community Service.

Materials were designed to introduce core concepts related to military culture for AmeriCorps Members who were to provide valuable respite support for service members/Veterans and their families.

Easter Seals has adapted these resources for the broader aging network (who are increasingly providing support to wounded warriors and their families, but may lack familiarity with military cultures and values.)

Military Culture module and related training materials – shared today.
Military Culture module

- Facilitator Instructions
  - Summary & Learning Objectives
  - Materials/Equipment Needed
  - Preparation
  - Session Flow
  - Handouts
  - Additional Resources
  - Respite Scenario(s) with Discussion Questions
  - Knowledge Check/Answer Key

- PowerPoint slide deck
  - Facilitator Talking points

- Participant Handbook
Objectives

At conclusion of training, participants should be able to:

- Understand the basic structure, history and size of branches of military, including the distinction between active duty, Reserve or National Guard.
- Understand the basic structure, history and size of the Department of Veterans Affairs.
- Identify major historical military conflicts experienced by service members and Veterans served by respite volunteers.
- Know key military values and beliefs of service members and veterans.
- Know where to turn for additional information regarding military culture.
Army

- Since 1775, largest and oldest military service branch
- Main ground force of United States
- Comprised of active duty and Reserves
- Army Reserve managed by federal government
- Army National Guard managed by each state
- Army National Guard used during natural disasters when Governor of state declares state of emergency

www.army.mil
Navy

- U.S. Navy is largest fleet in the world
- Mission is to preserve the freedom of the seas
- Active duty and Reserves

www.navy.mil

Image Credit: Spirit of America / Shutterstock.com
Called the “infantry of the Navy”
Known for ability to respond on short notice
Use U.S. Navy for logistical and administrative support
Specialize in amphibious operations
Maintain active duty component and reservist component

www.marines.mil
Air Force

- Established in 1947
- Aerial warfare branch
- Previously part of Army
- Mission is to fly, fight and win the air, space, and cyberspace
- Has active duty component and reservist component
  - Air Force Reserves
  - Air National Guard
- Air National Guard serves as state’s air force militia

www.af.mil
Coast Guard

- Since 1790 have safeguarded U.S. maritime interests
- Smallest branch of military
- Has active duty and reserves
- Previously part of U. S. Department of Transportation
- In 2003 transferred to Department of Homeland Security
- During wartime, Coast Guard reports to U.S. Navy

www.uscg.mil
Department of Veteran Affairs

- Established in 1930 by Congress to provide benefits and services to service members when discharged
- 1989 elevated to cabinet level office
- Administered through three organizations
  - Veterans Benefit Administration
  - National Cemetery Administration
  - Veterans Health Administration

www.va.gov
Variety of Veterans

- Veterans have served in different branches and military conflicts
- Over 40% of veterans are age 65+

22 Million Veterans

8.3% are Women
Armed Conflicts Across Generations

- Armed conflicts represented on a flip chart
  - World War II (1939 – 1945)
  - Korean War (1950 – 1953)
  - Gulf War (1991)

- Write your thoughts about that conflict on the flip chart
- As each conflict is discussed, take notes in your Workbook

Flipchart Activity
WARRIOR ETHOS
I will always place the mission first
I will never accept defeat
I will never quit
I will never leave a fallen comrade
Respite Scenario Activity

- Form groups of 3 – 6 participants
- Read the scenario
- Discuss each question in group
- Write answers to questions
- Be prepared to share with class

Easter Seals NH is the largest Easter Seals and includes ESME, ESNY, ESRI, ESVT and Coastal Fairfield County, CT.
Deployment Cycle Support Care Coordination Program-
A Military-Civilian Partnership supporting Veterans, Service Members and their families.

Service Members, Veterans and Family Members that enroll in the program are assigned a Care Coordinator to assist with:

- Planning for family needs before, during and after deployment
- Dealing with challenges of reintegration, relationships, education, employment
- Identifying and accessing supports that include counseling, child care, respite, budgeting and financial management.

Program is FREE-CONFIDENTIAL-LOCAL
Respite for Military Members, Veterans and their Families

Through the Military and Veterans Services program, Respite and Transportation assistance was provided through Legacy Corps by volunteers that were screened and trained prior to providing service.

Volunteers were recruited through a variety of outlets and emphasized military connection of any kind (family member, significant other or themselves having been in the military)

Screening included reference checks, criminal and motor vehicle background checks, National Sex Offender Registry clearance, FBI clearance (fingerprinting)
Training included-
Agency trainings
Military Culture Training
First Aid/CPR
Caring Companions-Senior Care training (*overview* of Senior related issues-
Dementia, Alzheimers, Boundaries, Challenging Behavior, Diabetes, Fall
Prevention, HIPAA, Elderspeak, Mental Health, Self Care for the Caregiver)
Traumatic Brain Injury Training
Patient/Client Rights
Defensive Driving
Reporting Issues/Concerns
It was important to have volunteers with a military connection of some sort. This made the services provided more relevant. Some of the volunteers were veterans or some had family members who served in the military of any era, any conflict.

Much of the training included open discussion regarding the issues of caregiving for veterans and the importance of the respite that those families needed. As volunteers came back for training/discussion, the experiences each volunteer would relate were valuable to the entire group.
